HOROSCOPE

Aries (March 21-April 20)

Your emotional partner may make you angry this week. Don't involve yourself in the emotional problems of those you work with. Get proper medical attention and confront your situation decisively. Self-deception is likely.

Taurus (April 21-May 20)

Ask family members for help and you will be able to complete the projects more quickly. You may be overreacting to a situation at hand. You must use discretion when talking to others. Gambling should not be an option. Help elders get their personal papers in order.

Gemini (May 21-June 20)

You might get behind if you spend too much time debating senseless issues. You are likely to be left alone if you aren't willing to bend just a little. Sign up for seminars that will expand your business awareness. Your ability to work with detail could help you achieve your goals.

Cancer (June 21-July 20)

Try to be considerate in your personal obligations. You need to put some trust in others. Make sure that you get legal matters checked out thoroughly. Make changes that will enhance your appearance.

Leo (July 21-August 21)

You will communicate with ease this week. Your partner's a little jumpy. If you're already in a relationship, use this added energy passionately. Take positive action.

Virgo (August 22-September 22)

You may want to clear the air where older relatives are concerned. Try to be tolerant of the moods of those around you. You'll find you're detail oriented this week. Co-workers may not be completely honest with you; try not to rely on help from others.

Libra (September 23-October 22)

Situations you can't change should be forgotten for the present. Look into real estate. Take care that arrangements to spend quality time together are made in advance. Don't let your lover put demands on you.

Scorpio (October 23-November 22)

Secret love affairs may be enticing; however, you must be prepared for the restraints that will follow. You have to believe in yourself and your talents. Just be yourself. Try to be fair in your dealings with acquaintances.

Sagittarius (November 23-December 20)

Social functions will bring you in touch with new lovers. Things have been moving so quickly that you need to do something physical to release your tension. You can make gains if you look at long-term investments. Your nerves are frazzled.

Capricorn (December 21-January 19)

Try making some changes to your appearance and your attitude that will reinforce just that. Travel for business or pleasure. Don't overspend on luxury items. Be careful if a friend asks you for advice.

Aquarius (January 20-February 18)

Be aware of deception when it comes to your position, and be sure not to jump to conclusions. You can expect changes in your financial situation as well as in your status. Avoid functions that will bring you in contact with those you find difficult to get along with. Friends and relatives may be hard to take this week.

Pisces (February 19-March 20)

You should be able to tie up loose ends this week. You will expand your circle of friends if you join groups. Be careful disclosing information. Try not to allow others to burden you with additional responsibilities.

Overcoming Your Credit Card Crisis

The battle with credit card debt can be a constant struggle against high interest rates and monthly payments that never seem to make a dent in what you owe. How is it possible to make monthly credit card payments and never get anywhere?

This problem is caused by high interest rates that eats up most of your payments. Even though you make your minimum payment, you don't make much headway eliminating the debt.

Luckily, there's a way to find debt relief without incurring more debts. Using certified credit

counseling like Consolidated Credit, you can get professional advice to identify the right solution for your needs.

A certified credit counselor can review your options to see which solution is best for you. You can qualify for lower interest rates or even eliminate them, while consolidating your credit card debt into one easy payment to get you out of debt faster. Every financial institution differs, but most people see a reduction of total payments by up to 30-50% as they pay off debt faster.

Freedom from debt can become a reality!

I Will Not Be Left Behind

**Continue to give me strength Lord
Use me in anyway
To share your love and mercy
And never forget to pray**

**I know that I'm not perfect
But pray to be my best
For Christ like I long for
Until I'm laid to rest**

**I try not to question
Why things happen the way they do
I will always have faith
The Lord will see me through**

**You're always there to listen
You give me courage when I fall
You're love is unconditional
You gave your son for us all**

**My prayers are my shield
For my Lord I will shine
And when the trumpet sounds
I will not be left behind**

- 2 cups shredded lettuce
- 1 celery stalk, diced
- 1/2 cup blue cheese dressing

Directions

Heat the vegetable oil and butter in a large skillet over medium-high heat. Place the chicken in the pan; cook and stir until the chicken is no longer pink in the center and the juices run clear, about 10 minutes. Remove the pan from the heat. Pour the hot sauce over the cooked chicken and toss to coat. Lay out the flour tortillas and divide the chicken evenly among the tortillas. Top the chicken with lettuce, celery, and blue cheese dressing. Fold in the sides of the tortilla and roll the wrap burrito-style.

Warm Chicken Nacho Dip

Ingredients

- 1 (14 ounce) can diced tomatoes with green chile peppers (such as RO*TEL(R)), drained
- 1 (1 pound) loaf processed cheese food (such as Velveeta(R)), cubed
- 2 large cooked skinless, boneless chicken breast halves, shredded
- 1/3 cup sour cream
- 1/4 cup diced green onion
- 1 1/2 tablespoons taco seasoning mix
- 2 tablespoons minced jalapeno pepper, or to taste (optional)
- 1 cup black beans, rinsed and drained

Directions

Place the diced tomatoes, processed cheese, chicken meat, sour cream, green onion, taco seasoning, and jalapeno pepper into a slow cooker. Cook on High, stirring occasionally until the cheese has melted and the dip is hot, 1 to 2 hours. Stir in the black beans, and cook 15 more minutes to reheat.
